----- ()

()

()

()

()

A. Most of the times French people are very friendly and they are straightforward, too; they are accustomed to say the things like they are, direct to the point, if you sometimes get annoyed by this, A. you will later realize that French people are friendly and polite if you get more in touch with them. Paris is the capital city of France. Situated on the banks of the river Seine in north-central France. The City of Paris is one of the most populated metropolitan areas in Europe.

B. The subway is the cheapest and fastest means of transportation in Beijing. It costs you much less than a taxi or even a bus and takes you only half of the time if you travel by other means. Therefore, if you are visiting Beijing, the local people will certainly recommend you to ride the subway wherever it is available. The first ride, however, may present you with some problems. This is how to go about it.

C. Harbin is a sub-provincial city and the capital of the Heilongjiang Province in Northeast China. It lies on the southern bank of the Songhua River. Harbin is the tenth largest city in China (pop. 9.87 million), serving as a key political, economic, scientific, cultural and communications hub in Northeastern China. Now, it mainly focuses on two aspects, architecture and culture. Harbin is considered as one of China's most beautiful cities. The city is well-known for its unique, Russian and European-influenced architecture.

D. Woodpeckers are birds; they are not very large birds. They are known for pecking holes in tree bark to find insects to eat. Most woodpeckers live in forests, spending their lives mainly in trees. There are about 180 species of woodpecker. They include the birds called flickers and sapsuckers. Woodpeckers look like songbirds in manyways.

E. Michael Jackson is a symbol of pop culture figure, and he is a highly influential singer, composer, lyricist, dancer and record producer, as well as the fashion leader. He deeply influenced and promoted the development of popular music, and he was known as the king of pop music. He also made the greatest music video.

F. Few birds have been as little studied and as misunderstood as Hummingbirds. They are the smallest of all birds with a length ranging from to Males of most species are identified by their iridescent feathers. Hummingbirds are strictly a bird of the Western Hemisphere. They are found as far north as Southeastern Alaska and the Maritimes of Canada and as far south as Southern Chile. The majority of the approximately 320 species are found in the tropics.

G. It is said that sports is an important form of life. Sports can help everyone keep healthy. Sports can enrich our life and maintain our psychological health. Sports can also help us relax after a period of exhausting work.

B. A person who often takes exercise is always full of energy. Sports can also make people look younger than they really are. What's more, it produced chances to train our intelligence. Because we think actively when we do exercise.

H. They were defeated last year. But this year, they try their best to do some basic exercises. They get up very early and then have their breakfast. After that, they come to the sports center to practice. They are often so addicted to the practice that they often forget it's time to sleep. They hope that they can make great achievements in the Olympic games.
