## CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

Effective Date: December 2012 -Rev. 8/20/2013- Void After: December 2013

Product: Plumbing Fixture Fittings File No. 3366

Issued To: Moen Incorporated  
25300 Al Moen Dr  
North Olmsted, OH 44070-5619

Identification: Plumbing supply fittings complying with this Standard shall be marked with the manufacturer's recognized name, **trademark**, or other mark or, in the case of private labeling, the name, **trademark** or other mark of the customer for whom the fitting was manufactured. The marking shall be accomplished by use of a permanent mark or by placing a permanent label on the product. Markings on plumbing supply fittings shall be visible after installation.

Single-handle, single-control, and automatic compensating mixing bath and shower valves shall have identifiable temperature control settings in which the settings are indicated by words ("cold", "warm", "hot", etc.), by numbers, or graphically.

Packages shall be marked with the manufacturer's name, **trademark**, or other mark as well as the model number or, in the case of private labeling, the name, **trademark**, or mark of the customer for whom the fitting was manufactured as well as the model number.

Automatic compensating valves shall be accompanied by instructions for

  
Chairman, Product Certification Committee

  
CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing.

their installation, adjustment, and servicing, which shall specify how the handle position or limit setting is to be adjusted.

Listed products shall bear the cUPC® certification mark.

Characteristics: Fittings may include lavatory, sink, bath & shower, lawn and sediment faucets. To be installed in accordance with the manufacturer's instructions and the requirements of the latest edition of the Uniform Plumbing Code.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Products are in compliance with the following code(s):

Uniform Plumbing Code (UPC®)  
National Plumbing Code of Canada  
International Plumbing Code (IPC®)

Products are in compliance with the following standard(s):

ASME A112.18.1-2011/CSA B125.1-11 including Update No. 1 dated November 2011
